Class Registration Form

Please help your child select two classes he/she would be interested in. One class should be from the Worship Classes, and one class should be from the Hands-On Classes.

We cannot guarantee first choice, but will do our best.

VERY IMPORTANT: We would like to invite your child to present the Worship piece he/she will be working all week in one of our worship services in August/September. Please consider dates when considering your worship class.

Worship Classes: Rank 1-5. Choose 1 as first choice.

One hour class that will work on an "offering/presentation" for worship.

_____ **Fish Stix** – This is a *kids style* version of God Rods. Kids will be using sticks as they interpret songs and stories. Taught by Susannah Walters and Mary Bond. Worship Date: August 15

_____ **Worship through Video** – Do you want to learn how to make your own video? Come and help us create a custom video from start to finish. Then come see it during a special ICON service on August 22nd. Taught by Jeb Hunt. Worship Date: August 22

_____ **Music Mix** – We'll praise God through singing a "mix"ture of many styles of songs: some wild; some calm; some loud; some soft; some slow; some fast; some new; some old. Taught by Rick Branch. Worship date: Tentative - August 22 in the Sanctuary

_____ **Props** – This dance class will be using props as they create a dance piece to be shared in worship. Taught by Brady Kirby and Katherine Varnson. Worship Date: August 29 ICON Service

_____ **Storytelling in Action** – This class will be acting out stories, playing drama games and working on a Children's Sermon drama. Taught by Lisa Bond. Worship Date: September 12

Hands-On Classes: Rank 1-5. Choose 1 as first choice.

These groups focus on a fun, creative, "hands-on" experience.

_____ **Art** – Come join Ms. Celeste as you create beautiful art pieces for the Kids Art Show in August.

_____ **Stomp** - This class, taught by Susannah Walters and Brady Kirby will be some rompin' stompin' fun . . . and there will be noise!

_____ **Hip Hop** - Come join Katherine Varnson for this fun, upbeat style of dance.

_____ **Stompin' Steppin' and Clappin'** - Come kick up your heels with some fun line-dancin' with our very own Rick Branch.

_____ **Cooking** – Ms. Denise has cooked up some great ideas for this culinary class. If you like to create and cook, this class is for you.

Special Hands-On Classes:

_____ **Guitar** – Come join Connor Bond and learn some basic guitar skills and maybe a song or two. Preference given to students who have completed 4th or 5th. Guitars will be supplied. If you have your own, please check here: _____ have my own guitar

_____ **Puppet Workshop** - For those who have completed 2nd, 3rd, 4th and 5th grade. This workshop will train students to handle a puppet while having fun with creative scripts. Ms. Wanda is back and excited to start sharing! Students from the workshop are also invited to join the FUMC puppet ministry, *In His Hands*, which will rehearse on Sunday mornings from 9:00-9:30, and will perform at various events throughout the year.
